## FlameOff Fire Barrier Paint

# Warranty

### Warranty

FlameOFF Coatings, Inc. offers the following limited warranty for FlameOFF® – Fire Barrier Paint:

When applied on approved interior surfaces and in full compliance with the label directions for the proper preparation of surfaces, storage and application of the product, and proper maintenance of the dry film coating, FlameOFF® – Fire Barrier Paint will not, under normal conditions, peel, crack, or chip for a period of 1 year. In the event that FlameOFF® – Fire Barrier Paint fails to perform to the warranty standard expressed above, FlameOFF Coatings, Inc. shall provide, at no charge, a sufficient quantity of FlameOFF® – Fire Barrier Paint to completely re-coat the surfaces found to be defective.

This is the sole and exclusive remedy for all warranty claims. All warranty claims must be submitted to FlameOFF Coatings, Inc. in writing, and must be received within 30 days following the discovery of the defect.

Warranty claims must include the following information:

1. Proof of purchase (clearly showing date of purchase); and
2. Documented proof of the defect, including the date that the defect was discovered. FlameOFF Coatings, Inc. reserves the right to inspect any surfaces addressed within the warranty claim to substantiate the validity of the claim.

This limited warranty shall be null and void in the event that any of the following conditions are found to have occurred:

1. If the original containers of FlameOFF® – Fire Barrier Paint were diluted, mixed with other materials, or adulterated in any other manner;
2. If the original containers of FlameOFF® – Fire Barrier Paint were not stored under the recommended storage conditions, and/or the containers were used later than one year after the date of purchase;
3. If FlameOFF® – Fire Barrier Paint was not applied as specified by the FlameOFF® – Fire Barrier Paint Application Guide;

*The data and suggested formulations in this bulletin are based on information believed to be reliable and are offered solely for evaluation, investigation and verification of numerous factors affecting results. FlameOFF Coatings, Inc. products are sold with the understanding the purchasers will make their own tests to determine the suitability of these products for the particular use. We assume no liability or responsibility for any damage to person or property resulting from or incident to the use of our products. Statements concerning the use of FlameOFF Coatings, Inc. products are not construed as recommending the infringement of any patent, and no liability for infringement arising out of any such use is assumed.*

4. If the applied dry film thickness of the FlameOFF® – Fire Barrier Paint coating is not properly maintained after application. Improper maintenance includes, but is not limited to: failure to promptly and properly repair damage resulting from abrasion, cracking of the underlying structure, or punctures; or
5. Exposure of the applied dry film FlameOFF® – Fire Barrier Paint coating to caustic or acidic chemicals, organic solvents, or other aggressive chemical agents.

## Material Handling & Application Procedures

FlameOFF® – Fire Barrier Paint must be protected from freezing temperatures. Recommended conditions for storage are 45 to 100°F, in a sealed container.

Product should not be stored in direct sunlight. Do not apply any product that has been frozen or exposed to any contaminants.

When stored as directed, unopened containers of product have a shelf life of one year from the production date indicated on the container.

Please consult the FlameOFF® – Fire Barrier Paint Application Guide for application instructions.

Do not thin, strain, or modify the product in any manner.

Once shipped from our warehouse product cannot be returned.
